[Admissions Office / Scholarship Committee]

[Institution Name]

[Address]

Dear Admissions Committee,

My name is Armando Estrada, and I am grateful for the opportunity to apply to your program in Aerospace Engineering. After reviewing your institution's commitment to excellence and innovation, it is clear that you seek dedicated and driven candidates prepared to take on the challenges of this field. Based on my academic record, skills, and personal drive, I believe I would be a strong addition to your community.

I am a highly motivated high school student with a 3.8 GPA who has consistently earned Honor Roll recognition each year from 2024 through 2026, and was selected as Student of the Month in 2026 by one of my teachers. Throughout my academic career, I have developed a strong technical skill set including proficiency in HTML, CSS, JavaScript, Photoshop, Git, and terminal-based workflows on macOS. I also have completed 40+ hours as an afterschool aide at Dawson Elementary School, where I developed patience, communication, and a desire to contribute to my community. Whether working on technical projects, academic coursework, or volunteer commitments, I apply a quick-learning mindset and persistent work ethic.

After reviewing my background, I hope you will agree that I am the type of resourceful and motivated candidate you are looking for. I look forward to showing how my skills and passion for aerospace and mechanical engineering can contribute to your program. Please feel free to contact me at (559) 961-1410 or by email at Armando86estrada17@gmail.com to arrange a convenient time to speak.

Thank you for your consideration, and I look forward to hearing from you soon.

Respectfully,

Armando Estrada
